

Office of the Lieutenant Governor

State of Utah

JON M. HUNTSMAN, JR.
Governor

GARY R. HERBERT
Lieutenant Governor

April 27, 2006

Mr. Douglas McClain
Argyll Group
4225 Executive Square, Suite 260
La Jolla, CA 92037

Dear Mr. McClain,

This letter is written to let you know how exciting I believe it is that your company has developed a new drug, SF-1019, to potentially assist with the treatment of nerve related disorders and diseases. Anytime there is an opportunity for a medical breakthrough, I am reminded of the awe-inspiring entrepreneurial spirit and determination of humankind.

I look forward to the additional research and testing that needs to be done in order for this product to receive the proper Food and Drug Administration (FDA) approval for public consumption.

I am interested in sharing your company's research on SF-1019 with anyone interested in the fascinating science that is modern medicine. Utah's congressional delegation, for instance, will have a high interest in learning about your company and this and the many other projects you are working on.

Please keep me advised and informed of your progress, and I will look forward to seeing you in the near future.

Best wishes with this important work.

Sincerely,

A handwritten signature in black ink that reads "Gary R. Herbert".

Gary R. Herbert
Lieutenant Governor
