

*"We can make a difference if we are of **One Heart**"*

Tuesday, May 15, 2007

This is Alan Osmond.

I am one of the "original" members of The Osmond Family, the eldest of The Osmond Brothers group that has been performing since 1957 (50 Years!), The Leader of The Osmonds that caused "Osmondmania" around the world, the writer of many of the 39 Gold and Platinum Osmond hit records and songs, a TV Producer of The Donny & Marie TV Series and other Osmond Specials, President of Osmond Studios and Osmond Foundation that became known as: The Children's Miracle Network, A Video Producer/Director, a Live Event Producer with the creation of "Stadium of Fire" and other Live Events for 28 years, and a co-producer of happenings like Ronald Reagan's Inaugural Opening Ceremony, the Founder of Osmond Network and charity, One Heart Foundation and TheFamily.com for "Strengthening Families". But, most importantly, the Father of eight (8) Sons and 14 grandkids, and most of all, a Husband to my beautiful wife, Suzanne.

My life has been tested, blessed, and made stronger because of all of these opportunities and trials in my life! But, nothing was harder and more threatening to me and my life than when I became disabled with the crippling disease doctors finally believed was Multiple Sclerosis!

I noticed 20 years ago that my fingers would NOT play the trumpet, the banjo, the guitar, the piano, the bass and saxophone as I used to ... and that I would trip & fall, lose my karate skills, dancing, and athletic sports as the whole right side of my body, my mind and senses, my immune system and my career because of this crippling disease! No one in my family has ever had this!

Yet, having been taught of "Goodly Parents" and raised with a positive mental attitude and a "You Can Do It" style with a religion that taught good health and eating principles and a way of Life that helped me deal with life's challenges and the future, together with the love of my wife and family and my faith in God,... I never gave up!

I went to all kinds of doctors around the country and world and had every kind of test you can imagine, with treatments and helps to deal with my weakening body. Without losing hope and with constant prayer, I was led to a group of people called Argyll that had a trial treatment, which I agreed to and signed off to try, that was an answer to my prayers! Yes, HELP was on the way!

After my first injection, I felt within minutes a strong and positive feeling that started connecting my hands, fingers, legs, toes, and even my mind that had been slipping! I agreed to keep following their doctors. I have suffered with Primary Progressive M.S. for 20 years. This treatment has stopped that progression and it has improved

my symptoms. I have even regained my sense of smell. My quality of life is improving.

What have I learned?

- Nature plays no favorites and that there are many environmental and challenging diseases which interrupt our immune systems and causes our bodies to even fight themselves!
- I learned that this Argyll treatment has NO Side effects and helps the body restore its Immune system and get ones body back to the way God intended and created it to be!
- Plus, I am NOT the only one that has been tested and treated with this that has been helped!

This treatment has blessed many people with Cancer, Diabetes, Parkinson's, Diabetic Neuropathy, as well as M.S.! It has also been successful in treating patients with HIV.

I am pleased to be a spokesman for this product and to have the opportunity to reach out and help others to "Strengthen Families!"

I can honestly say that I am happier today than I have ever been! . . . And that "I may have M.S.... but, M.S. does NOT HAVE ME!"

A handwritten signature in blue ink that reads "Alan Diamond". The signature is stylized and cursive, with the first name "Alan" and the last name "Diamond" clearly legible.
